Grants Management Systems, Inc. Announces Dr. Amanda Andrade to Speak at 34th Annual Financial Management Conference

KENSINGTON, MD (May 15, 2019) – *Grants Management Systems, Inc. (GMS, Inc.), provider of accounting and revolving loan software for nonprofit and public organizations announced today Dr. Amanda Andrade will be speaking at the 34th Annual GMS Accounting Summit this month in Myrtle Beach, South Carolina.*

Dr. Amanda Andrade is the Chief People Officer for Veterans United Home Loans (VU), the number one VA mortgage lender in the nation. She is responsible for supporting the growth, success, health and happiness of 2,400 VU employees serving Veterans in all 50 states. Amanda's primary functions are leading and supporting the award winning (Fortune 100 Great Places to Work, Best Places to Work for Women, People Magazine's Companies Who Care, etc.) People Services Division.

Dr. Andrade will be teaching a session titled "Building the Best Culture for Your Organization", which will give attendees the tools needed to help them and their team identify the culture that their organization is currently experiencing, the culture changes that their team desires and how they can work to identify the gaps and opportunities to work toward their optimal organizational environment. "This is a wonderful opportunity for our attendees who work within nonprofit agencies throughout the United States to learn from one of the best in the industry in how to prepare and organize their teams for the needs of today" stated Robin Berseth, GMS Events and Technology Director.

--more--

The GMS Accounting and Financial Management System is not a traditional commercial accounting or government fund accounting package adapted for nonprofit use. Our software is designed, from the ground up, to meet the highly specialized requirements of nonprofit and public organizations accounting for contracts and grants or by program activity.

The GMS Revolving Loan Servicing Software is a robust and comprehensive system providing one of the most powerful portfolio management tools you can find. Designed to handle virtually any loan program, it performs the day-to-day needs of portfolio management as well as complete reporting capabilities.
